REGULATORY INFORMATION BULLETIN

RB-08-69
June 24, 2008

TO: ETP Holders

SUBJECT: iShares Trust

Compliance and supervisory personnel should note that, among other things, this Information Bulletin discusses the need to deliver a prospectus to customers purchasing shares ("Shares") of four exchange-traded fund ("Funds") listed below and issued by the iShares Trust. Please forward this Information Bulletin to other interested persons within your organization.

The following security has been approved for UTP trading on NYSE Arca and will commence trading on June 25, 2008:

<u>Exchange-Traded Fund</u>	<u>Symbol</u>
iShares S&P Global Clean Energy Index Fund	ICLN
iShares S&P Global Nuclear Energy Index Fund	NUCL
iShares S&P Global Timber & Forestry Index Fund	WOOD
iShares FTSE China (HK Listed) Index Fund	FCHI

Background Information on the Fund

As more fully explained in the Registration Statement (Nos. 811-09729 and 333-92935) for iShares Trust, the Trust is an open-end management investment company registered under the Investment Company Act of 1940, as amended ("1940 Act"), and consists of separate investment portfolios, including the Fund.

iShares S&P Global Clean Energy Index Fund seeks investment results that correspond generally to the price and yield performance, before fees and expenses, of S&P Global Clean Energy Index ("Underlying Index"). The Underlying Index is designed to track performance of approximately 30 of the most liquid and tradable global companies which represent the listed clean energy universe. The Underlying Index includes clean energy production companies and clean energy equipment and technology providers and the Fund will be concentrated in the clean energy industry. For these purposes, the "clean energy" universe includes biofuel and biomass, ethanol and fuel alcohol, geothermal energy, hydroelectricity, solar and wind energy.

iShares S&P Global Nuclear Energy Index Fund seeks investment results that correspond generally to the price and yield performance, before fees and expenses, of S&P Global Nuclear Energy Index (“Underlying Index”). The Underlying Index is comprised of approximately 24 of the largest publicly traded companies in nuclear energy related businesses that meet investability requirements. The Underlying Index is designed to provide liquid exposure to publicly listed companies in the global nuclear energy business from both developed and emerging markets. The constituents within the Underlying Index are equally distributed between the nuclear materials, equipment and services and nuclear energy generation industries and the Fund will be concentrated in those industries.

iShares S&P Global Timber & Forestry Index Fund investment results that correspond generally to the price and yield performance, before fees and expenses, of the S&P Global Timber & Forestry Index (“Underlying Index”). The Underlying Index is comprised of approximately 25 of the largest publicly- traded companies engaged in the ownership, management or upstream supply chain of forests and timberlands. These include forest products companies, timber real estate investment trusts ("REITs"), paper products companies, paper packaging companies and agricultural products companies.

iShares FTSE China (HK Listed) Index Fund seeks investment results that correspond generally to the price and yield performance, before fees and expenses, of the FTSE China (HK Listed) Index (“Underlying Index”). The Underlying Index is designed to track the performance of the large- and mid- capitalization companies in the Chinese equity market that are available to international investors. The Underlying Index consists of many of the largest and most liquid Chinese companies. Securities in the Underlying Index are weighted based on the total market value of their shares so that securities with higher total market values generally have a higher representation in the Underlying Index. Each security in the Underlying Index is a current constituent of the FTSE All-World Index and all of the securities in the Underlying Index currently trade on the Hong Kong Stock Exchange. As of May 30, 2008, the Underlying Index included 90 companies.

Barclays Global Fund Advisors (“BGFA”) is the investment adviser to the Funds. SEI Investments Distribution Co. is the distributor for the Funds. State Street Bank and Trust Company is the custodian, administrator, and transfer agent for the Funds.

As described more fully in the Trust’s prospectus (“Prospectus”) and Statement of Additional Information’s (“SAI”), the Fund will issue and redeem shares on a continuous basis, at their net asset value (“NAV”), only in large blocks of 100,000 Shares, for ICLN and FCHI, 30,000 Shares for WOOD, and 20,000 Shares for NUCL, (each, a “Creation Unit”). Creation Units will be issued and redeemed principally in-kind for securities which constitutes a substantial replication, or a portfolio sampling representation, of the securities involved in the Index. Except when aggregated in Creation Units, the Shares are not redeemable securities of the Fund.

Dividends from net investment income, if any, will be declared and paid at least annually. Net realized capital gains, if any, will be distributed to investors annually. Dividends may be declared and paid more frequently.

The Depository Trust Company (“DTC”) serves as securities depository for the Shares, which may be held only in book-entry form; share certificates will not be issued. DTC, or its nominee, is the record or registered owner of all outstanding Shares.

The NAV of the Fund will be determined once daily at the close of trading (normally, 4:00 p.m. Eastern Standard Time (“ET”)) on each day that the New York Stock Exchange is open for business (a “Business Day”). NAV is calculated by dividing the current market value of the net assets of the Fund (i.e., the total value of its assets less all liabilities) by the total number of Shares outstanding, generally rounded to the nearest cent. NAV will be available from the Distributor and will also be available to National Securities Clearing Corporation (“NSCC”) participants through data made available from NSCC.

The Trust’s registration statement describes the various fees and expenses for the Fund’s Shares. For a more complete description of the Fund and the Index, visit www.iShares.com.

Purchases and Redemptions in Creation Unit Size

ETP Holders are hereby informed that procedures for purchases and redemptions of Shares in Creation Units are described in the Trust’s Prospectus and Statement of Additional Information and that Shares are not individually redeemable but are redeemable only in Creation Unit aggregations or multiples thereof.

Principal Risks

Interested persons are referred to the Prospectuses for a description of risks associated with an investment in the Shares. These risks include the risk that the Fund’s return may not match the return of the Index for a number of reasons including the incursion by the Fund of operating expenses and costs not applicable to the Index. In addition, as noted in the Prospectus, the Shares may trade at market prices that may differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the Fund’s holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Share.

Exchange Rules Applicable to Trading in the Shares

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchange’s existing rules governing the trading of equity securities.

Trading Hours

The value of the Indexes underlying the Shares will be disseminated to data vendors every 15 seconds during the Exchange's Core Trading Session. The Shares will trade on NYSE Arca in the Opening, Core and Late trading sessions or from 4:00 a.m. ET until 8:00 p.m. ET in accordance with NYSE Arca Equities Rule 7.34(a). The trading increment for the Fund's Shares will be \$0.01.

Extended Hours Trading

ETP Holders are reminded of NYSE Arca Equities Rule 7.34(e) regarding Customer Disclosure and that trading in the Funds Shares during the Exchanges Opening and Late Trading Sessions may result in additional trading risks which include: (1) that the current underlying index value may not be updated during the Opening and Late Sessions, (2) the intraday indicative value may not be updated during the Opening and Late Trading Sessions, (3) lower liquidity in the Opening or Late Trading Sessions may impact pricing, (5) higher volatility in the Opening or Late Trading Sessions may impact pricing, (6) wider spreads may occur in the Opening or Late Trading Sessions, and (7), since the intraday indicative value is not calculated or widely disseminated during the Opening and Late Trading Sessions, an investor who is unable calculate an implied value for an ETF in those sessions may be at a disadvantage to market professionals.

Trading Halts

The Exchange will halt trading in the Shares for a regulatory halt similar to a halt based on NYSE Arca Equities Rule 7.12 and/or if the primary listing exchange halts and/or a halt because dissemination of the intraday indicative value of the Shares and/or the underlying value of the index has ceased. Further, the Exchange will halt trading in the Shares in accordance with NYSE Arca Equities Rule 7.12 ("Trading Halts Due to Extraordinary Market Volatility").

Suitability

ETP Holders are reminded of their obligations under NYSE Arca Equities Rule 9.2(a)-(b) whereby the ETP holder shall use due diligence to learn the essential facts relative to every customer prior to trading the Shares or recommending a transaction in the Shares that an investment in the Shares is suitable for the customer. ETP Holders should adopt appropriate procedures for the opening and maintaining of accounts, including the maintaining of records prescribed by any applicable regulatory organization and by the rules and regulations of the Commission.

Delivery of a Prospectus

Consistent with the requirements of the Securities Act and the rules thereunder, investors purchasing Shares in the initial public offering and anyone purchasing Shares directly from a Fund (by delivery of the designated securities) must receive a Prospectus. In addition, ETP Holders are required to deliver a Prospectus to all purchasers of newly-issued Shares (i.e. during the initial

public offering). ETP Holders purchasing shares from a Fund for resale to investors will deliver a Prospectus to such investors.

Prospectuses may be obtained through the Fund's website. The Prospectus does not contain all of the information set forth in the Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the Commission. For further information about a Fund, please refer to the Registration Statement.

In the event that a Fund relies upon an order by the Commission exempting the Shares from certain Prospectus delivery requirements under Section 24(d) of the 1940 Act and makes available a written product description, NYSE Arca Equities Rule 5.2(j)(3) Commentary .01(h) requires that ETP Holders provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust, no later than the time a confirmation of the first transaction in the Shares, is delivered to such purchaser. In addition, ETP Holders shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a ETP Holder to customers or the public making specific reference to the ETF Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of ETF Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund."

An ETP Holder carrying an omnibus account for a non-ETP Holder is required to inform such non-ETP Holder that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-ETP Holder to make such written description available to its customers on the same terms as are directly applicable to ETP Holders under this rule.

Upon request of a customer, ETP Holders shall also provide a copy of the Prospectus.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Commission has issued letters dated November 21, 2005 and October 24, 2006 (together, the "No-Action Letters") granting exemptive, interpretive and no-action relief from certain provisions of and rules under the Securities Exchange Act of 1934 for exchange-traded funds listed and traded on a registered national securities exchange that meet certain criteria. The Fund qualifies for the relief granted in the No-Action Letters, a description of which follows.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for

or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The Commission issued a No-Action Letter by which persons participating in a distribution of shares of a fund may engage in secondary market transactions in such shares during their participation in such a distribution, despite the requirements of from Rule 101 under Regulation M. In addition, the SEC has permitted persons who may be deemed to be participating in the distribution of shares of a fund (i) to purchase securities for the purpose of purchasing creation unit aggregations of fund shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the Commission has clarified that the tender of fund shares to the Fund for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The Commission has issued a No-Action Letter to paragraph (e) of Rule 102 under Regulation M which allow the redemption of fund shares in creation unit aggregations during the continuous offering of shares.

Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)

Broker-dealers who handle purchases or redemptions of Fund shares in Creation Units for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing creation unit aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- (1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- (2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- (3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC Rule 14e-5

The Commission has permitted any person acting as a dealer-manager of a tender offer for a component security of fund (1) to redeem fund shares in creation unit aggregations from the issuer

that may include a security subject to such tender offer and (2) to purchase fund shares during such tender offer. In addition, a No-Action has been issued under Rule 14e-5 states that if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more creation unit aggregations of shares, it must be made in conformance with the following:

- (i) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- (ii) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- (iii) such bids or purchases are not effected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The Commission has clarified that Section 11(d)(1) does not apply to broker-dealers that are not authorized participants (and, therefore, do not create creation unit aggregations) that engage in both proprietary and customer transactions in shares of a fund in the secondary market, and for broker-dealer authorized participants that engage in creations of creation unit aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an authorized participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the shares of a fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830 (I)(5)(A), (B) or (C). See letter dated November 22, 2005 from Brian A Bussey, Assistant Chief Counsel, SEC Division of Market Regulation, to Barclays Global Investors, N.A., dated November 22, 2005. The Commission has issued a No-Action Letter under Section 11(d)(1) of the Act states that broker-dealers may treat shares of a fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC Rule 15c1-5 and 15c1-6

The Commission has issued a No-Action letter with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of fund shares and secondary market transactions therein.

This Information Bulletin is not a statutory Prospectus. ETP Holders should consult the Trust's Registration Statements, SAI, Prospectuses and the Fund's website for relevant information.

Inquiries regarding this Information Bulletin should be directed to Timothy J. Malinowski, Director, ETF's and Indexes, at (312) 442-7886.

REGULATORY INFORMATION BULLETIN

RB-08-68
June 24, 2008

TO: ETP Holders

SUBJECT: WisdomTree Trust

Compliance and supervisory personnel should note that, among other things, this Information Bulletin discusses the need to deliver a prospectus to customers purchasing shares (“Shares”) of the four exchange-traded fund (“Funds”) issued by the WisdomTree Trust (Trust). Please forward this Information Bulletin to other interested persons within your organization.

The following security has been approved for Listing on NYSE Arca and will commence trading on June 25, 2008:

Exchange-Traded Funds

Symbol

WisdomTree Dreyfus New Zealand Dollar Fund

BNZ

WisdomTree Dreyfus South African Rand Fund

SZR

Background Information on the Fund

As more fully explained in the Registration Statement (No. 333-132380 and 811-21864), the Trust is registered under the Investment Company Act of 1940 (the “1940 Act”) as an open-end management investment company. The Trust is organized as a series funds, currently consisting of separate investment portfolios. The Funds are an “exchange-traded fund” (“ETFs”) However, in contrast to traditional ETFs, the Funds will not seek to replicate the performance of an underlying benchmark securities index, but will instead, be “actively-managed” so that the portfolio manager is able to choose securities for the Fund’s portfolio consistent with the Fund’s investment objective and its prospectus.

WisdomTree Dreyfus New Zealand Dollar Fund (“New Zealand Dollar Fund”) seeks to earn current income reflective of money market rates in New Zealand available to foreign investors and to provide exposure to changes in the value of the New Zealand Dollar relative to the U.S. dollar. The New Zealand Dollar Fund seeks to achieve its investment objective by investing in short term securities designed to provide exposure to New Zealand currency and money market rates. Because the market for money market securities in New Zealand is relatively small and less liquid than corresponding markets in other countries, the New Zealand Dollar Fund intends to achieve exposure to currency markets in New Zealand by investing primarily in short term U.S. money market securities and also in forward currency contracts and swaps. The

combination of U.S. money market securities with forward currency contracts and currency swaps is designed to create a position economically similar to a money market security denominated in New Zealand Dollars.

WisdomTree Dreyfus South African Rand Fund (“South African Rand Fund”) seeks to earn current income reflective of money market rates in South Africa available to foreign investors and to provide exposure to changes in the value of the South African Rand relative to the U.S. dollar. The South African Rand Fund seeks to achieve its investment objective by investing in short term securities designed to provide exposure to South African currency and money market rates. Because the market for money market securities in South Africa generally is less liquid and accessible to foreign investors than corresponding markets in other countries, the South African Rand Fund intends to achieve exposure to currency markets in South Africa by investing primarily in short term U.S. money market securities and also in forward currency contracts and swaps. The combination of U.S. money market securities with forward currency contracts and currency swaps is designed to create a position economically similar to a money market security denominated in South African Rand.

WisdomTree Asset Management, Inc. (“WTA” or “Advisor”) is the investment advisor to the Funds. The Advisor is registered under the Investment Advisers Act of 1940. The Advisor’s parent corporation is WisdomTree Investments, Inc. (“WTI”). The Funds will be advised by WTA. WTA has entered into a Sub-advisory Agreement with Dreyfus Corporation (“Dreyfus”). Dreyfus is wholly owned subsidiary of BNY Mellon. The Bank of New York is the administrator, custodian and transfer agent for each Fund.

As described more fully in the Trust’s Prospectus and Statement of Additional Information (“SAI”), the Funds issues and redeems Shares at their net asset value (“NAV”) only in large blocks of 200,000 Shares (each block of 200,000 Shares called a “Creation Unit”), in exchange for a basket of money market securities and/or cash. Each International Currency Income Fund also may issue and redeem Creation Units in exchange for a designated basket of non-U.S. currency and an amount of U.S. cash. Shares of the Fund will trade at market prices that may differ from the NAV. Shares of the Fund are redeemable only in Creation Units in exchange for cash. Except when aggregated in Creation Units, the Shares may not be redeemed with the Trust.

The Trusts registration statement describes the various fees and expenses for the Fund’s Shares. For a more complete description of the Fund and the underlying index, visit www.wisdomtree.com.

Disclosure of Portfolio Holdings

Unlike traditional ETFs that are not required to provide daily portfolio disclosure, the Funds will prior to the opening each business day, make publicly available on their website, www.wisdomtree.com, a file of all the portfolio securities and other assets held by each Fund and the quantities thereof, as of the close of business on the prior business day, reflecting all securities bought and sold on such prior business day. This information will be available to investors and

market participants accessing the Funds' website and will form the basis for each Funds calculation of NAV as of the close of regular trading on the Exchange's Core Trading Session (normally 4:00 p.m. Eastern Time).

Portfolio Indicative Value

The Exchange will disseminate, at least every 15 seconds, through the facilities of the Consolidated Tape Association, an estimated value for the Fund's on a per-Share basis (the "Portfolio Indicative Value"). The Portfolio Indicative Value is designed to provide investors with a reference value which can be used in connection with other related market information.

The NYSE Arca does not guarantee the accuracy or completeness of the Portfolio Indicative Value. The Portfolio Indicative Value is determined by dividing the "Estimated Fund Value" as of the time of the calculation by the total Shares outstanding. "Estimated Fund Value" is the sum of the estimated amount of cash held in the Fund's portfolio, the estimated value of the securities held in the Fund's portfolio and the estimated amount of accrued interest, minus the estimated amount of liabilities.

The Portfolio Indicative Value on a per-Share basis disseminated should not be viewed as a real time update of the NAV, which is calculated only once a day.

Other Information about the Fund

Each of the Brazilian Real Fund, Chinese Yuan Fund and the Indian Rupee Fund intend to pay out dividends, if any, annually. The Euro Fund intends to pay out dividends, if any, quarterly.

The Depository Trust Company ("DTC") will serve as securities depository for the Shares, which may be held only in book-entry form; stock certificates will not be issued. DTC, or its nominee, is the record or registered owner of all outstanding Shares.

The NAV of each Fund's shares is calculated once daily each day the New York Stock Exchange ("NYSE") is open for business (a "Business Day") as of the close of regular trading on the NYSE, generally 4:00 p.m. Eastern time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. In calculating a Fund's NAV, Fund investments generally are valued using market valuations. Short-term debt securities with remaining maturities of 60 days or less generally are valued on the basis of amortized cost. U.S. fixed income assets may be valued as of the announced closing time for such securities on any day that the Securities Industry and Financial Markets Association announces an early closing time. The value of any assets or liabilities denominated in a currency other than the U.S. dollar are converted into U.S. dollars using an exchange rate deemed appropriate by the Fund.

Purchases and Redemptions in Creation Unit Size

ETP Holders are hereby informed that procedures for purchases and redemptions of Shares in Creation Units are described in the Trust's Prospectus and SAI and that Shares are not individually redeemable but are redeemable only in Creation Unit aggregations or multiples thereof.

The Trust's Prospectus and SAI describe additional procedures and requirements that apply to the creation and redemption of Shares.

Principal Risks

Interested persons are referred to the Trust's Prospectus for a completed description of risks associated with an investment in the Shares. As noted in the Prospectus, the Shares may trade at market prices that may differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the Fund's holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Shares.

Exchange Rules Applicable to Trading in the Shares

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities.

Trading Hours

The Shares will trade on NYSE Arca in the Opening, Core and Late trading Sessions or from 4:00 a.m. ET until 8:00 p.m. ET in accordance with NYSE Arca Equities Rule 7.34(a).

Extended Hours Trading

ETP Holders are reminded of NYSE Arca Equities Rule 7.34(e) regarding Customer Disclosure and that trading in the Funds Shares during the Exchanges Opening and Late Trading Sessions may result in additional trading risks which include: (1) the Portfolio Indicative Value may not be updated during the Opening and Late Trading Sessions, (2) lower liquidity in the Opening or Late Trading Sessions may impact pricing, (3) higher volatility in the Opening or Late Trading Sessions may impact pricing, (4) wider spreads may occur in the Opening or Late Trading Sessions, and (5), since the Portfolio Indicative Value may not be calculated or widely disseminated during the Opening and Late Trading Sessions, an investor who is unable calculate an implied value for an ETF in those sessions may be at a disadvantage to market professionals.

Suitability

ETP Holders are reminded of their obligations under NYSE Arca Equities Rule 9.2(a)-(b) whereby the ETP holder shall use due diligence to learn the essential facts relative to every customer prior to trading the Shares or recommending a transaction in the Shares that an investment

in the Shares is suitable for the customer. ETP Holders should adopt appropriate procedures for the opening and maintaining of accounts, including the maintaining of records prescribed by any applicable regulatory organization and by the rules and regulations of the Commission.

Trading Halts

The Exchange will halt trading in the Shares for a regulatory halt similar to a halt based on NYSE Arca Equities Rule 7.12 and/or a halt because dissemination of the intraday indicative value of the Shares and/or the underlying value of the index has ceased. Further, the Exchange will halt trading in the Shares in accordance with NYSE Arca Equities Rule 7.12 ("Trading Halts Due to Extraordinary Market Volatility"). The Shares will be traded following a trading halt in accordance with NYSE Arca Equities Rule 7.35(f) ("Re-Opening After Trading Halts").

Delivery of a Prospectus

Pursuant to federal securities laws, investors purchasing Shares must receive a prospectus prior to or concurrently with the confirmation of a transaction. Investors purchasing Shares directly from the Fund (by delivery of the Deposit Amount) must also receive a prospectus.

Prospectuses may be obtained through the Distributor or on the Fund's website at www.wisdomtree.com. The Prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the Trust's registration statement.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Commission has issued a letter dated May 9, 2008 (the "No-Action Letter") granting exemptive or no-action relief from certain rules under the Securities Exchange Act of 1934 for the Shares.

Regulation M Exemptions

Under the No-Action Letter, the Fund is exempted from Rule 101 pursuant to paragraph (c)(4) of Rule 101, permitting persons who may be deemed to be participating in a distribution of the Shares to bid for or purchase Shares during their participation in such distribution. The Fund is exempted under Rule 102(d)(4), permitting a Fund to redeem Shares during the continuous offering of Shares.

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 15c1-5 and 15c1-6 (Disclosure of Control and Interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.

ETP Holders are referred to the full text of the No-Action Letter for additional information.

This Information Bulletin is not a statutory Prospectus. ETP Holders should consult the Trust's Registration Statement, SAI, Prospectus and the Fund's website for relevant information.

Inquiries regarding this Information Bulletin should be directed to Timothy J. Malinowski, Director, ETF's and Indexes, at (312) 442-7886.

iPath [®] Dow Jones-AIG Tin Total Return Sub-Index SM ETN due June 24, 2038	JJT
iPath [®] Global Carbon ETN due June 24, 2038	GRN

Background on the Securities

As more fully explained in the Registration Statement (No. 333-145845) for the Barclays Bank PLC (“Barclays”), the ETNs (the “Securities”) are each series of Securities which are medium-term notes that are uncollateralized debt securities and are linked to the performance of an underlying index and do not guarantee any return of principal at maturity. Each Index is composed of one or more futures contracts on physical commodities and is intended to reflect the returns that are potentially available through (1) an unleveraged investment in those contracts plus (2) the rate

of interest that could be earned on cash collateral invested in specified Treasury Bills. The Indices are calculated and published by Dow Jones & Company, Inc. in conjunction with AIG Financial Products Corp. For a more complete description of the Securities and the payment at maturity, early repurchase provisions, early repurchase mechanics, valuation, fees and risk factors, consult the prospectus ("Prospectus").

The iPath[®] Dow Jones-AIG Aluminum Total Return Sub-IndexSM ETN is linked to the Dow Jones-AIG Aluminum Total Return Sub-IndexSM which is designed to be a benchmark for aluminum as an asset class and is currently composed of one futures contract on the commodity of aluminum.

The iPath[®] Dow Jones-AIG Cocoa Total Return Sub-IndexSM ETN is linked to the performance of the Dow Jones-AIG Cocoa Total Return Sub-IndexSM which is designed to be a benchmark for cocoa as an asset class and is currently composed of one futures contract on the commodity of cocoa.

The iPath[®] Dow Jones-AIG Coffee Total Return Sub-IndexSM ETN is linked to the performance of the Dow Jones-AIG Coffee Total Return Sub-IndexSM which is designed to be a benchmark for coffee as an asset class and is currently composed of one futures contract on the commodity of coffee.

The iPath[®] Dow Jones-AIG Cotton Total Return Sub-IndexSM ETN is linked to the performance of the Dow Jones-AIG Cotton Total Return Sub-IndexSM which is designed to be a benchmark for cotton as an asset class and is currently composed of one futures contract on the commodity of cotton.

The iPath[®] Dow Jones-AIG Lead Total Return Sub-IndexSM ETN is linked to the performance of the Dow Jones-AIG Lead Total Return Sub-IndexSM which is designed to be a benchmark for lead as an asset class and is currently composed of one futures contract on lead as a commodity.

The iPath[®] Dow Jones-AIG Platinum Total Return Sub-IndexSM ETN is linked to the performance of the Dow Jones-AIG Platinum Total Return Sub-IndexSM which is designed to be a benchmark for platinum as an asset class and is currently composed of one futures contract on the commodity of platinum.

The iPath[®] Dow Jones-AIG Precious Metals Total Return Sub-IndexSM ETN is linked to the performance of the Dow Jones-AIG Precious Metals Total Return Sub-IndexSM which is designed to be a benchmark for precious metals as an asset class and is currently composed of futures contracts on the following two commodities: gold and silver.

The iPath[®] Dow Jones-AIG Softs Total Return Sub-IndexSM ETN is linked to the performance of the Dow Jones-AIG Softs Total Return Sub-IndexSM which is designed to be a

benchmark for soft commodities as an asset class and is currently composed of futures contracts on the following three commodities: coffee, cotton and sugar.

The iPath[®] Dow Jones-AIG Sugar Total Return Sub-IndexSM ETN is linked to the performance of the Dow Jones-AIG Sugar Total Return Sub-IndexSM which is designed to be a benchmark for sugar as an asset class and is currently composed of one futures contract on the commodity of sugar.

The iPath[®] Dow Jones-AIG Tin Total Return Sub-IndexSM ETN is linked to the performance of the Dow Jones-AIG Tin Total Return Sub-IndexSM which is designed to be a benchmark for tin as an asset class and is currently composed of one futures contract on the commodity of tin.

The iPath[®] Global Carbon ETN is linked to the performance of the Barclays Capital Global Carbon Index Total ReturnTM which is designed to provide exposure to the global price of carbon. To achieve this, the index references the price of carbon emission credits from the world's major emissions related mechanisms. The mechanisms currently included in the index are the European Union Emissions Trading Scheme and the Kyoto Protocol's Clean Development Mechanism.

The ETNs will initially be issued in denominations of \$50.

Valuation of the Securities

According to the Prospectuses, an intraday "Indicative Value" meant to approximate the intrinsic economic value of the ETNs will be published under the Bloomberg, as noted below:

<u>Exchange-Traded Note</u>	<u>Indicative Value</u>
iPath [®] Dow Jones-AIG Aluminum Total Return Sub-Index SM ETN	JJUIV
iPath [®] Dow Jones-AIG Cocoa Total Return Sub-Index SM ETN	NIBIV
iPath [®] Dow Jones-AIG Coffee Total Return Sub-Index SM ETN	JOIV
iPath [®] Dow Jones-AIG Cotton Total Return Sub-Index SM ETN	BALIV
iPath [®] Dow Jones-AIG Lead Total Return Sub-Index SM ETN	LDIV
iPath [®] Dow Jones-AIG Platinum Total Return Sub-Index SM ETN	PGMIV
iPath [®] Dow Jones-AIG Precious Metals Total Return Sub-Index SM ETN	JJPIV
iPath [®] Dow Jones-AIG Softs Total Return Sub-Index SM ETN	JJSIV
iPath [®] Dow Jones-AIG Sugar Total Return Sub-Index SM ETN	SSGIV
iPath [®] Dow Jones-AIG Tin Total Return Sub-Index SM ETN	JJTIV
iPath [®] Global Carbon ETN	GRNIV

The actual trading price of the Securities may vary significantly from their Indicative Value.

Early Redemption

According to the Prospectus, the Securities may be redeemed prior to maturity. Offers to repurchase at least 50,000 Securities (or an integral multiple of 50,000 securities in excess thereof) on any redemption date through June 24, 2038. For a complete description of the redemption procedures and the payment upon redemption, see the Prospectus.

Investment Risks

The Notes are unsecured promises of Barclays and are not secured debt. The Notes are riskier than ordinary unsecured debt securities. As stated in the Prospectus, an investment in the Securities includes, but are not limited to, the following risks:

- Investor returns on the Notes will not reflect the return of an investment directly linked to the Underlying Index;
- Even if the value of the Underlying Index at maturity or upon redemption exceeds the initial Index level, holders may receive less than the principal amount of their Securities. Holders will not benefit from any increase in the value of the Underlying Index if such increase is not reflected in the value of the Underlying Index on the applicable valuation date;
- There are restrictions on the minimum number of Securities a holder may redeem and on the dates on which a holder may redeem them;
- The market value of the Securities may be influenced by many unpredictable factors, including the spot price for the commodities underlying the applicable index;
- Supply of and demand for physical commodities tends to be particularly concentrated, so prices are likely to be volatile;
- Suspensions or disruptions of market trading in commodities and related futures may adversely affect the value of the Securities;
- Concentration risks associated with the Indices may adversely affect the value of the Securities;
- Changes in Barclays' credit ratings may affect the market value of the Securities;
- There may not be an active trading market in the Notes; sales in the secondary market may result in significant losses;
- Trading and other transactions by Barclays or its affiliates in instruments linked to the Index or Index components may impair the market value of the Notes;
- The liquidity of the market for the Securities may vary materially over time;
- Barclays' business activities may create conflicts of interest;
- The policies of the index sponsor and changes that affect the composition and valuation of the Index or the index constituent currencies could affect the amount payable on the Securities and their market value;
- If a market disruption event has occurred or exists on a valuation date, the calculation agent can postpone the determination of the value of the Index or the maturity date or a redemption date; and
- The U.S. tax consequences of an investment in the Securities are unclear.

Prospectus Delivery

ETP Holders are advised to consult the “Plan of Distribution” in the Prospectus regarding prospectus delivery requirements.

Exchange Rules Applicable to Trading in the Securities

The ETN’s are considered equity securities, thus rendering trading in the Securities subject to the Exchange's existing rules governing the trading of equity securities.

Trading Hours

The Securities will trade on NYSE Arca in the Opening, Core and Late trading sessions or from 4:00 a.m. ET until 8:00 p.m. ET in accordance with NYSE Arca Equities Rule 7.34(a).

Extended Hours Trading

ETP Holders are reminded of NYSE Arca Equities Rule 7.34(e) regarding Customer Disclosure and that trading in the Securities during the Exchanges Opening and Late Trading Sessions may result in additional trading risks which include: (1) that the current underlying Indicative Value may not be updated during the Opening and Late Sessions, (2) the Indicative Value may not be updated during the Opening and Late Trading Sessions, (3) lower liquidity in the Opening or Late Trading Sessions may impact pricing, (5) higher volatility in the Opening or Late Trading Sessions may impact pricing, (6) wider spreads may occur in the Opening or Late Trading Sessions, and (7), since the Indicative Value is not calculated or widely disseminated during the Opening and Late Trading Sessions, an investor who is unable calculate an implied value for the Securities in those sessions may be at a disadvantage to market professionals.

Suitability

ETP Holders are reminded of their obligations under NYSE Arca Rule 9.2(a)-(b) whereby the ETP holder shall use due diligence to learn the essential facts relative to every customer prior to trading the ETN or recommending a transaction in the ETN that an investment in the ETN is suitable for the customer. ETP Holders should adopt appropriate procedures for the opening and maintaining of accounts, including the maintaining of records prescribed by any applicable regulatory organization and by the rules and regulations of the Securities and Exchange Commission.

No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission has issued no-action relief from certain provisions of and rules under the Securities Exchange Act of 1934 (the “Exchange Act”), regarding trading in Barclays iPath Exchange Traded Notes (SEC Letter dated July 27, 2006) and Deutsche

Bank AG Exchange-Traded Notes (SEC Letter dated October 17, 2007) for securities with structures similar to that of the securities described herein (the “Letters”). As what follows is only a summary of the relief outlined in the Letters, the Exchange also advises interested members to consult the Letters, for more complete information regarding the matters covered therein.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M is an anti-manipulation regulation that, subject to certain exemptions, prohibits a “distribution participant” and the issuer or selling security holder, in connection with a distribution of securities, from bidding for, purchasing, or attempting to induce any person to bid for or purchase, any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities, and affiliated purchasers of such persons.

The Letters state that the SEC Division of Trading and Markets will not recommend enforcement action under Rule 101 of Regulation M against persons who may be deemed to be participating in a distribution of the notes to bid for or purchase the notes during their participation in such distribution.

Rule 102 of Regulation M prohibits issuers, selling security holders, or any affiliated purchaser of such person from bidding for, purchasing, or attempting to induce any person to bid for or purchase a covered security during the applicable restricted period in connection with a distribution of securities effected by or on behalf of an issuer or selling security holder. Rule 100 of Regulation M defines “distribution” to mean any offering of securities that is distinguished from ordinary trading transactions by the magnitude of the offering and the presence of special selling efforts and selling methods.

The Letters state that the SEC Division of Trading and Markets will not recommend enforcement action under Rule 102 of Regulation M against Barclays and its affiliated purchasers who bid for or purchase or redeem notes during the continuous offering of the notes.

Section 11(d)(1) of the Exchange Act; Exchange Act Rule 11d1-2

Section 11(d)(1) of the Exchange Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he or she participated as a member of a selling syndicate or group within thirty days prior to such transaction.

The Letters state that the SEC Division of Trading and Markets will not recommend enforcement action under Section 11(d)(1) of the Exchange Act against broker-dealers who treat the notes, for purposes of Rule 11d1-2, as “securities issued by a registered . . . open-end investment company as defined in the Investment Company Act” and thereby, extend credit or maintain or

arrange for the extension or maintenance of credit on the notes that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

This Information Bulletin is not a statutory Prospectus.
